Hossein Piri

Contact Information

Operations and Supply Chain Management Area
Haskayne School of Business
University of Calgary

Phone: (403) 220-7784
E-mail: hossein.piri@ucalgary.ca
Website: hosseinpiri.github.io

Academic Experience

University of Calgary **2022–present**
Haskayne School of Business, Calgary, AB, Canada
Assistant Professor of Operations and Supply Chain Management

University of Michigan **2026–present**
Department of Industrial and Operations Engineering, Ann Arbor, Michigan, USA
Visiting Scholar

Education

University of British Columbia **2017–2023**
Sauder School of Business, Vancouver, BC, Canada
Ph.D. in Business Administration (Management Science)
Dissertation: Essays in Healthcare Operations Research
Advisors: Steven Shechter, Tim Huh, and Mahesh Nagarajan

University of British Columbia **2014–2017**
Vancouver, BC, Canada
M.A.Sc. in Chemical Engineering

Amirkabir University of Technology **2009–2013**
Tehran, Iran
B.Sc. in Chemical Engineering (Honors Degree)

Research Interests

Applications:

- Healthcare Operations
- Human–AI Interaction
- Healthcare Policy
- Revenue Management

Methods:

- Stochastic Modeling and Dynamic Programming
- Optimization
- Machine Learning and Reinforcement Learning
- Generative AI

Publications and Papers Under Review

- **Individualized Dynamic Patient Monitoring Under Alarm Fatigue**
  Hossein Piri, Tim Huh, Steven Shechter, Darren Hudson.
  Operations Research, 70(5):2749–2766 (2022).
  Winner, CORS Health Care SIG Oral Presentation Competition, Munich, 2021.
  Finalist, Lee B. Lusted Student Prize Competition, SMDM, 2020.
  Presented at MSOM Healthcare SIG, 2022.
- **Assortment Optimization Under Multiple-Discrete Customer Choices**
  Heng Zhang, **Hossein Piri**, Tim Huh, Hongmin Li.
  Manufacturing & Service Operations Management | **Forthcoming**.
- **When Less is More: Optimizing Prescription Alerts under Fatigue**
  Michael Lingzhi Li, **Hossein Piri**.
  Manufacturing & Service Operations Management | **Minor Revision**.
  Best Paper Award, CBLS Workshop, Indiana University Kelley School of Business, 2025.

Presented at MSOM Healthcare SIG, Harvard Business School, 2026.

- **Firm-Centric and Customer-Centric Flexible Products**

  Hossein Piri, Tim Huh, Eunho Chang, Chulung Lee.

  Manufacturing & Service Operations Management | **R&R**.

- **AI-Enabled Decision Support Systems for Patient Triage: A Scoping Review**

  Sam Hoang Hong, Kathryn Crowder, **Hossein Piri**, Deepa Suryanrayan, Sana Sajjad, Jon Rokne, Gouri Ginde.

  Journal of Medical Artificial Intelligence, 9:65 (2026).

- **Trade-offs for Breast Cancer Screening Strategies in Canada: A Microsimulation Modeling Study**

  Hamed Milani, Marco Bijvank, Omar Khan, Darren Brenner, **Hossein Piri**.

  Medical Decision Making | **Under Review**.

Work in Progress

- **A Dynamic and Resource-Aware Machine Learning Risk Model for Hospital Admission of Patients with Hypertensive Disorders of Pregnancy**

  Allison Grimsted, **Hossein Piri**, Brian Denton, Ashley Bartell.

  Scheduled for presentation at *INFORMS 2026*, Session TD09.

- **Human-Centric Optimization of Workforce Scheduling under Fatigue**

  Saeed Aramesh, Babak Abbasi, Ron Wakefield, **Hossein Piri**.

  Preparing for submission to *Production and Operations Management* (Link).

- **Generative AI-Assisted Clinical Decision Support: Alarm Design, Nurse Workload, and Alarm Fatigue**

  Marco Bijvank, Ghazal Bozorgmehry, **Hossein Piri**.

  Supported by an SSHRC Insight Development Grant (2024–2026).

- **Dynamic Recommendations with Learning and Preference Formation**

  Jiangze Han, Meichun Lin, **Hossein Piri**, Xinyuan Zhang.

- **Learning Who to Support: Optimizing Adaptive Patient Follow-Up under Uncertain Risk and Adherence**

  Marco Bijvank, Ya-Tang Chuang, **Hossein Piri**.

Research Funding

- **NSERC Discovery Grant** 2025–2030

  Natural Sciences and Engineering Research Council of Canada.

  Designing Clinical Alarm Systems: Enhancing Patient Safety Through Personalized Predictive Models in Multi-Patient Care Settings.

  Principal Investigator | CAD $201,500.

- **SSHRC Insight Development Grant** 2024–2026

  Social Sciences and Humanities Research Council of Canada.

  Enhancing Nurse Well-being: Innovating Hospital Conditions for Improved Mental Health.

  Principal Investigator | CAD $69,118.

Honors and Awards

- **Poets&Quants Best 40 Under 40 MBA Professors** 2026
  Selected from more than 1,700 nominations worldwide.
- **CHAIR Fellowship for Research Excellence** 2025–2030
  Haskayne School of Business, University of Calgary.
  Includes $100,000 in salary support, $50,000 in research funding, and five course releases.
- **Best Paper Award, CBLS Workshop** 2025
  Indiana University Kelley School of Business.
- **Superior Service Award (Professor)** 2024
  Haskayne School of Business, University of Calgary.
  Recognizing outstanding contributions to Haskayne students.
- **Dean's Research Scholar** 2023
  Haskayne School of Business, University of Calgary.
- **Killam Teaching Award** 2022
  University of British Columbia.
- **Winner, Health Care OR SIG Oral Presentation Competition** 2021
  Canadian Operational Research Society (CORS).
- **Finalist, Lee B. Lusted Student Prize Competition** 2020, 2021
  Society for Medical Decision Making Annual Meeting.

Teaching Cases

- **Formula 1 Mission Control: Racing on Probability, Not on Plan** (2026).
  Hossein Piri, Saed Alizamir.
  MBA simulation teaching case with Excel simulator and teaching note.
  Preparing for submission to *Darden Business Publishing* (Link).

Teaching Experience

University of Calgary | Instructor

- **Prescriptive Analytics (MGST 631)** | MBA
  Fall 2025: **5/5**; Fall 2024: **5/5**; Fall 2023: **7/7**.
  Teaching approach: Case discussions, simulation, and computational decision modeling.
- **Supply Chain Analytics (SCMA 451)** | BComm
  Fall 2025: **5/5**; Fall 2024: **5/5** (L01); **5/5** (L02).
  Fall 2023: **6.5/7**; Fall 2022: **6.9/7**.
- **Business Analytics (MGST 391)** | BComm
  Fall 2022: **6.9/7** (L05); **7/7** (L06).

University of British Columbia | Instructor

- **Logistics and Operations Management** | Undergraduate
  Summer 2021 (online): **4.8/5**.

Conference Organization

- **MSOM 2027 Conference** 2027
  Organizing Committee Member | Banff.
- **Artificial Intelligence and Machine Learning in Operations Management Research (AIMOR @ Banff)**
  Organizing Committee Member | Banff 2025–2026

Invited Research Talks and Seminars

- Purdue University, Mitch Daniels School of Business 2026
- The Chinese University of Hong Kong, CUHK Business School 2026
- The University of Hong Kong, HKU Business School 2026
- Institute for Mathematical and Statistical Innovation (IMSI), Chicago 2026
- University of Toronto, Rotman School of Management 2023
- University of British Columbia, Faculty of Pharmaceutical Sciences 2023
- Simon Fraser University, Department of Mathematics 2023
- University of British Columbia, Faculty of Forestry 2023
- University of Texas at Dallas, Jindal School of Management 2022

Graduate Supervision

- **Ghazal Bozorgmehry** | PhD 2025–present
  AI-enabled clinical decision support; supported by a SSHRC Insight Development Grant.

Academic Service

- **University Service**
  Haskayne School of Business, University of Calgary.
  PhD Advisory Committee 2024–present
  Faculty Hiring Committee 2024
  PhD Student Admissions Committee 2023–present
  PhD Examination Committee 2023–present
- **Journal Reviewing**
  Management Science (3 manuscripts); *Operations Research* (3); *Manufacturing & Service Operations Management* (8); *Production and Operations Management* (1); *Healthcare Management Science* (4).
- **Cluster Chair** 2026
  INFORMS Healthcare Conference, APS Track.
- **Session Chair** 2020–2025
  INFORMS, POMS, CORS.

Selected Media and Public Engagement

- **Haskayne Business Exchange** March 2025
  University of Calgary.
  The Alarming Truth: Supporting Clinician Well-Being and Saving Lives in Healthcare (Link).
- **CBC News** | Interview with Jo Horwood December 2024
  Who wins while Canada Post is on strike?
- **CTV National News** | Interview with Colton Praill September 2024
  Potential Montreal port strike and disruptions to Canada's supply chains.
- **CBC News** | Interview with Rob Brown August 2024
  Potential impact of a rail work stoppage on Canada's supply chains (at 5:04).
- **CBC Radio** | Interview with Meegan Raed August 2024
  Rail labour negotiations, binding arbitration, and implications for supply chains and prices.
